<p>8-8:30am ET</p>	<p>Data Driven Decisions: Navigating Pharma Supply Chain</p> <p>For more than a decade, drug shortages have become increasingly pervasive. To combat this, a diversified strategy must be created to enable a dependable drug supply chain. During this session, Premier's pharmacy experts will share how we are utilizing technology to make data-driven decisions to address drug shortages.</p> <p>Presented by: Mike Wascovich, PharmD, MBA, RPh, Vice President, Field Pharmacy Services, Premier Jessica Daley, BS, MA, PharmD, Vice President, Strategic Supplier Engagement, Premier</p>
<p>9-9:30am ET</p>	<p>Forward Thinking: Revolutionizing Procure to Pay</p> <p>Invoicing and payable practices across healthcare lag refinement compared to other industries. What if we reinvented this process? Introducing Remitra™: Procure to Pay reimaged. Remitra connects contracts to orders, reducing order errors that perpetuate an unprecedented \$4 billion to \$6 billion in unnecessary payables errors annually. From elimination of errors upstream, to economies and efficiencies gained downstream in the payables space, Remitra is revolutionizing the procure to pay space.</p> <p>Presented by: Chaun Powell, Group Vice President, Procure to Pay, Premier Leigh Anderson, President, Performance Services, Premier Simon Dawkins- SVP Smith & Nephew Daniel Morissette, SEVP/Chief Financial Officer, CommonSpirit</p>
<p>10-10:30am ET</p>	<p>Direct Sourcing: Driving Innovation for Supply Chain Resiliency</p> <p>Join leaders from Premier's direct sourcing company, S2S Global®, as they share their innovative strategies to ensure a healthier supply chain for our members for the long term. Strategies to be discussed include onshore/nearshore sourcing partnerships, commitment programs for access to product during critical shortages and planning for the future with product innovation and disruption. Premier is thinking outside the box - shouldn't you do the same?</p> <p>Presented by: Colin Bain, President, Direct Sourcing, Premier Jeff Willink, Senior Director, Direct Sourcing Strategy and Continuous Improvement, Premier Anita Zado, RN, BSN, Senior Director, Marketing and Product Development, S2S Global Premier</p>
<p>6:30-7pm ET</p>	<p>Supply Chain Leaders: Inspire and Engage Your Stakeholders Through Purchased Services</p> <p>Learn how supply chain leaders are promising change while incorporating cost savings and improved supplier outcomes.</p> <p>Presented by: Chris Gormley, CEO, Conductiv Jon Ellsworth, Senior Director of Strategic Sourcing, Banner Health Irma Spahic, Sr. Director, Solutions Architecture and Strategy, Conductiv</p> <p>Moderator: Mickey Meehan, COO, Conductiv</p>

Wednesday, June 16

<p>8-8:30am ET</p>	<p>Ties That Bind: From Incentives to Outcomes Through Value-Based Contracting</p> <p>In today's outcomes-driven environment, the mere promise of a products' performance holds little persuasive power. Instead, it is increasingly products and services backed by a guarantee that garner consideration and drive conversions. Premier's Value-Based Contracting Program propels the provider-supplier talks beyond promises to assurances of a measurable improvement. In this session, learn how Premier's program is distinctly designed to meet this moment.</p> <p>Presented by: Kim Anders, Group Vice President, Strategic Supplier Engagement, Premier Meena Medler, MSPA-C, MBA, Vice President, Strategic Supplier Engagement, Premier</p>
<p>9-9:30am ET</p>	<p>Direct Contracting Strategies: Learn to Increase Value and Reduce Costs</p> <p>Understand the basics of plan design and evaluate the level of acceptable risk for your organization. Speakers will discuss the role of the TPA/brokers and identify what makes an ideal broker-employer relationship while also exploring the importance of appropriate care to optimizing clinical and financial outcomes.</p> <p>Presented by: Steven Nelson, President, Contigo Health</p>
<p>10-10:30am ET</p>	<p>Leveraging Technologies and Analytics to Engage and Align Providers to Thrive in Healthcare Today</p> <p>In this session, discover emerging healthcare technology trends and tools that will help providers streamline and grow in today's healthcare world.</p> <p>Presented by: Chris Smedley, Vice President Strategy, Innovation & Population Health Practice Leader, Premier</p>
<p>6:30-7pm ET</p>	<p>Experts Weigh In: How Resilient is Your Supply Chain?</p> <p>The events of the past year have reinforced the need for an agile and resilient supply chain. Leaders from Premier's end-to-end supply chain consulting practice, Nexera, will share their views on what is an agile-resilient supply chain, and share some proven strategies to adapt to the changing needs of an organization's goals. They will focus on change management, demand planning, inventory strategies and stockpiling.</p> <p>Presented by: Jeff Ashkenase, MPA, Group Vice President, End-To-End Supply Chain, Nexera Premier Kenny Scher, MBA, MS, CMRP, Vice President, End-To-End Supply Chain, Nexera Premier</p>

Thursday, June 17

8-8:30am ET	<p>Thriving Under Two-Sided Risk</p> <p>Payers are continuing to ask healthcare providers and professionals to share in the actuarial risk of the care being provided. There are inherent opportunities and challenges related to these types of models. During this session, Premier will articulate common factors and capabilities for sustainable success in two-sided risk models.</p> <p>Presented by: Seth Edwards, VP, Population Health Advisory Services, Premier Gerry Meklaus, VP, Population Health Advisory Services, Premier Mark Hiller, VP, Population Health Advisory Services, Premier</p>
9-9:30am ET	<p>Real-World Evidence and COVID-19 Data: Perspectives on the “What, Why and How to Intervene”</p> <p>In this session, speakers will discuss key data insights that provide government agencies, healthcare providers and manufacturers the opportunity to conduct evidence-based analyses in the current COVID-19 landscape and beyond. For example, technology advancements in AI and machine learning helped identify patients earlier, which helped predict COVID-19’s clinical progression and overall impact patient care.</p> <p>Presented by: Myla Maloney, MBA, BCMAS, Vice President, Strategy and Commercial Operations, Applied Sciences, Premier</p>
10-10:30am ET	<p>Accelerating Actionable Analytics</p> <p>The amount of data in healthcare today is overwhelming. Many organizations struggle with extracting actionable information to enable data driven conversations. A recent discussion in the AI and machine learning space indicated that “80 percent of the work (of analysts) is data cleansing and preparation.” Imagine shifting your analytics resources from data preparation to data interpretation. What actions would you take?</p> <p>Presented by: Leigh Anderson, President, Performance Services, Premier Paul Browne, Sr. VP and CIO, Henry Ford Health System Peter Pronovost, MD, PhD, Chief Quality and Clinical Transformation Officer, University Hospitals</p>
